Forecast for Friday 26 May 2023

Weather: Often cloudy overnight, but some clear spells are possible which could allow some mist and fog patches to form in valleys during the early hours, but these lifting and breaking quickly after sunrise. Otherwise, a mostly dry day with sunny spells. Areas of cloud will be around at times, but this generally well above the hilltops. Perhaps a very isolated light shower during the afternoon.

Chance of cloud-free hill tops above 600m: 90% becoming 100% by mid-morning.

Low Cloud and visibility: Generally good or very good visibility. Perhaps briefly poor or very poor in any mist or fog patches first thing, or moderate in any light showers.
